Provider Profile

Information provided by the provider describing their agency:

VARCA's George Hegyi Industries is a work place that presently offers special needs adults the chance to experience meaningful work opportunities. VARCA is the parent organization of George Hegyi Industries. VARCA is partially funded by the Connecticut's Department of Developmental Services as well as by donations from private sources. A good portion of VARCA's income, however, derives from the work performed for private industry customers.

Hegyi Industries offers an 8am to 3pm 5-day workweek. Depending on their abilities, individuals are assigned varying types of packaging and assembly jobs. Client/employees receive weekly earnings based on their productivity. VARCA also has a Day Option Program for those individuals who no longer are interested in a work program or are not capable of hands on production work. This program offers a variety of stimulating activities and is also 8am-3pm 5-days a week.

Transportation is provided but is limited in the areas which Valley Transit or Milford Transit serve.

VARCA also sponsors dances, special luncheons, weekly bowling, yearly outings and various holiday functions.

VARCA owns and oversees three group homes located in Shelton, Ansonia and Seymour.
